

POSITION ANNOUNCEMENT

April, 2009

Position Specification

Position Title: Mechanical Engineer

Location: Atlanta, GA

Aerotomy, Inc. is a metro-Atlanta-based company dedicated to the development of state-of-the-art aerospace systems. The company specializes in the development of unmanned aircraft systems and flight test related products and services. Some of Aerotomy's current customers include the U.S. Air Force, U.S. Army, U.S. Navy, and NASA.

Position Summary:

This position will involve working in a team environment on the design, implementation and testing of advanced guidance, navigation, and control systems for Unmanned Aerial Vehicles.

Position Requirements:

- Computer programming including fluency with C++ and a knowledge of MATLAB.
- Minimum 3.0 GPA.
- U.S. Citizenship.

Basic knowledge in the following areas is a plus but not required:

- Aircraft simulations.
- Aircraft dynamics.
- Control system theory.
- UAV fabrication, avionics integration, and flight testing.
- CAD, including SolidWorks

Full-time positions are available immediately and both undergraduate and graduate applicants are welcome.

Contact Information

An electronic copy of a cover letter and resume in a single PDF file should be sent to:

Hilary Beeston
Aerotomy, Inc.
hbeeston@aerotomy.com

The applicant should be available to commence employment during June, 2009. For best consideration, candidates should apply before May 8th, 2009. Aerotomy, Inc. is an equal opportunity employer.
